

# Stanley L. Ring Memorial Library:

## New acquisitions

**Note about delivery of materials:** *The library now send orders through the U.S. Postal Service. This change is resulting in important savings for LTAP, but ordered materials do not arrive as quickly. If you have an urgent need for library materials, let us know when you place your order and we will arrange faster delivery.*

### Three ways to order LTAP library materials

- Use the online catalog, [www.ctre.iastate.edu/library/search.cfm](http://www.ctre.iastate.edu/library/search.cfm).
- Contact Jim Hogan, library coordinator, 515-294-9481, [hoganj@iastate.edu](mailto:hoganj@iastate.edu), fax 515-294-0467.
- Mail or fax the order form on the back cover of *Technology News*.

## CD-ROM

### CR 89 Access Management Library

This CD contains the proceedings of the Sixth National Conference on Access Management (2005), plus more than 100 reference documents on access management. It complements DVD 151.

### CR 90 Reduce Congestion through Access Management

This CD contains the results of a scanning tour of Dakota County, Minnesota, and the Gateway 1 Corridor in Brewer, Maine. It also contains a video overview of access management illustrating how reducing conflict points increases traffic capacity and safety.

## DVD

### DVD 151 Access Management Library

This DVD contains videos on access management from FHWA, Missouri, New Hampshire, Florida, Kansas, and Iowa. It complements CR 89.

## Publications

### P 1707 Journal of the Transportation Research Board No. 1989: Low-Volume Roads

Two volumes contain 80 technical papers related to low-volume road systems that were presented at TRB's 2007 International Low-Volume Roads Conference. Topics include planning, environment, design, maintenance, structures, materials, pavements, and construction.

### P 1702 Access Management, Location, and Design

This is a participant workbook designed to be used with a three-day National Highway Institute course but can be used as a stand-alone document. The course provides technical background for evaluating existing access location and design standards and guidelines, together with the rationale for "best practices."

### P Access Management Manual

This TRB-sponsored manual provides a summary of the state of the art on access management. It is intended to assist state transportation agencies, metropolitan planning organizations, and local governments in developing and implementing access management programs.

### P 1704 Roadside Weed Management

This FHWA-sponsored handbook is a guide to best practices for managing invasive vegetative species along roadsides. It contains essays on prevention and control of pest plant invasions, summaries of relevant regulations and policies at federal and state levels, and a state-by-state compilation of noxious species lists and agency contacts.
