Disclaimer

The current regional manuals may be used as a reference in the preparation of plans and specifications or other design documents for a public improvement project. However, the manuals are not a substitute for an engineer's professional judgment. An agency that uses or somehow references the *Urban Design Standards Manual* and/or the *Urban Specifications for Public Improvements* still assumes liability for its organization's plans and specifications or other design documents for a public improvement project.

Purchasers of the manuals must conform to existing copyright regulations held by the central Iowa committee. Individual agencies may not amend the manuals.
