# GRADER, LOADER, TRUCK SNOW ROADEO SEPTEMBER 10, 2008

Iowa's Snow Rodeo offers operators an opportunity to challenge each other's skill in operating trucks, motor graders, and loaders. This event typically attracts teams from city, county, and state shops all around Iowa. More than just a good time, preparing for and participating in the rodeo is a great way to develop your shop's vehicle maintenance program and increase operators' safety awareness.

Contestants test their knowledge and skills through

- a written exam,
- a timed vehicle-defect identification exercise, and
- a driving test on a course that simulates various job requirements and driving situations

Contestants may compete in either the truck rodeo or the motor grader rodeo. All contestants may compete in the loader rodeo.

### WHO SHOULD PARTICIPATE?

Operators from every city and county in Iowa are encouraged to participate. Truck operators compete in teams of two.

### REGISTRATION FEE AND DEADLINE
